

## *Private Swim Lesson Policies and Procedures*

1. **Scheduling:** Once a client has begun private swim lessons, it is the responsibility of the client or guardian to schedule with an instructor before your package is completed to ensure that you keep the same day and time.
2. **Cancellations:** If you need to cancel your Private Swim Lesson, we ask that you call at least 24 hours before the lesson. No show/ no calls will be counted against your package. If you cancel a lesson, schedule your make-up lesson with your instructor. Please make sure your instructor has your correct phone number. If you are tardy for a lesson, you will only receive the minutes remaining in your half hour session.
3. **Semi-Private Group:** Two clients may share a 1/2 hour package. For more than 2 clients, please refer to the Swim America group lessons.
4. **Payment:** If you schedule lessons, full payment is required on the first day of class along with a payment ticket provided by the instructor. The ticket should be filled out using the clients name.
5. **Questions:** If you have any questions regarding Private Swim Lessons please contact the Aquatic Coordinator: Lisa Hill at lhill@silverlakefamily.com or 426-7777, ext 22.

# Private Swim Lesson Information

*Why should my child or I learn to swim?*

- ◆ Safety
- ◆ Fitness and Health
- ◆ Opportunity and Fun

*What makes Silverlake's Private Swim Lessons the best program?*

- ◆ One on one instruction
- ◆ Simple goal-oriented methods
- ◆ Instructors that have over 250 years of combined experience
- ◆ Convenient schedule of lessons
- ◆ Private and Semi Private Swim lessons are available.

Lessons available to you in two teaching pools— one warm water, 88 degree pool, and one Olympic-sized pool.

*Silverlake Family Recreation Center is a state-of-the-art fitness and family fun facility with an indoor Olympic-sized pool and a 2,500 square foot warm water recreational pool.*

*How do I know if my child needs swim lessons?*

**Preschool Children** need swim lessons to learn safety skills. The most important “roll over” skill is when the child learns to float on his/her back and get air. Other skills such as swimming to the wall in case they accidentally fall into the water are important to learn as well

**School Age Children** need swim lessons to learn to swim on top of the water. Underwater swimming cannot save your life! Children tire quickly underwater and trying to sustain underwater swimming may even cause drowning! Learning a good freestyle stroke with proper air exchange will help your child build confidence in the water and **may save his/her life.**

## Triathlon Training

Are you interested in improving your stroke technique? Or gaining knowledge to help you train for that 1/4, 1/2, or 1 mile swim? Our staff is ready to help make you feel more confident about your swimming abilities. See our Aquatic Coordinator for details about getting you started today.
